GAME INSTRUCTIONS

- Divide the class into teams of 2–4 depending on the size of your class. You may want to adapt the game so each student plays on his/her own.
- Give each team a target, an answer sheet, and a water bottle cap.
- Firmly tape all the edges of the targets onto a smooth table surface for each team.
- Teams will record answers to the questions you ask on the student answer sheets. Each team that answers correctly may take a turn flicking the bottle cap onto the target and will then record the score on the answer sheet.
- Repeat the questions, if time allows.

NOTE: Flicking is done by laying the bottle cap on the table and using pointer or middle finger and thumb to push or flick the cap to the target.
